DAILY PEST CONTROL MONITORING RECORD - AUGUST-26

Format No.: F/HR/17

Rev No: 00

Date: 01.12.2021

Page No.: 1 Of 3

Please check the following points on a Daily basis for monitoring of Rodent / Pest infestation & report to Production supervisor / Pest control agency for further investigation & necessary actions.

Please mention the status as OK / Not OK against each check point except point no. 7

1. Pest proofing of external door (self-closer / PVC Strip curtain) working properly
2. Any gaps in Doors, shutters, Cable entry or other areas, which pose threat for entry of pests inside the plant?
3. Fly catchers are working properly (all lights working) & serially numbered
4. Total number of rodent traps provided
5. Are rodent traps numbered?
6. Are rodent traps, placed in the recorded place?
7. Any pest trapped in rodent trap box
8. Any dead rodent observed? If yes, mention the location
9. Any sign of Rodent cake biting in Rodent box? If yes, mention the Rodent box number
10. Are Fly catcher tube lights having validity of usage?
